PROFILE

Emerging UI Designer with a strong foundation in engineering, passionate about crafting intuitive, user-centered, and visually engaging user interfaces. Experienced in designing mobile app flows and website interfaces with a keen eye for detail, brand consistency, and design principles. Adept in using design tools like Figma and Adobe to create high-quality mockups and prototypes. Eager to contribute creativity, innovation, and attention to detail to a UI/UX internship role, with a focus on user experience and front-end development.

EDUCATION

Jayarani Matric Higher Secondary School

HSC - Bio -Maths
Grade-80.00

BANNARI AMMAN INSTITUTE OF 2023 - 2027 TECHNOLOGY
BE-Computer Science And Engineering
CGPA:7.86

PROJECT EXPERIENCE

Mobile App Signup Flow Design
UI/UX Internship at CodSoft
- * Designed and developed a user-friendly, aesthetically pleasing mobile app signup flow in Figma.
- *Focused on ensuring brand consistency and user-centric experience, applying design principles to enhance the user journey.

Cake Website Design
UI/UX Internship at CodSoft
Created a responsive and visually appealing cake website design, ensuring a seamless and engaging user interface. Focused on optimizing layout and aesthetics, without implementing search functionality.
